Short Description

Filter replacements for the AirPohoda ERV Device.

Description

The filter replacements are for the Air Pohoda ERV Device. One of each filter is needed to replace all filters in the units at the same time; however sometimes you don't need a whole set.

8x16x1, MERV 8 - winter filter for supply or exhaust - \$17

8x16x1, MERV 13 - summer pollen filter for supply only - \$22

6x16x1, MERV 8 - bypass filter used in summer only - \$15
